About Wine Spectator

Wine Spectator's Restaurant Wine List Awards recognize restaurants whose wine lists offer interesting selections, are appropriate to their cuisine and appeal to a wide range of wine lovers. To qualify for an award, the list must present complete, accurate wine information. It must include vintages and appellations for all selections, including wines available by the glass. Complete producer names and correct spellings are mandatory, while the overall presentation and appearance of the list is also taken into consideration. After meeting these basic requirements, lists are judged for one of three awards. More information about the program can be found at <http://www.winespectator.com>.
