Wine Spectator Magazine Recognizes Beach Walk's Wine List

The Award of Excellence nod has been giving to Chef Tim Creehan's Beach Walk at Crystal Beach. The prestigious award commends the commitment to a quality wine list with a selection of better wine producers. Over 3500 restaurants are considered for the award each year. The Award recipients will be announced in the August edition of Wine Spectator Wine Award.

"We believe that a bottle of wine is the perfect compliment to an exquisite dining experience. Beach Walk's wine list is non traditional-we have chosen to reduce our margins on bottled wine to encourage our guests to feel comfortable enjoying cuisine's greatest accompaniments- a fine bottle of wine" remarked Tim Creehan, Chef and Proprietor.

Beach Walk recently collaborated with Silver Oak Winery for a Select Wine Dinner where several of the famous Cabernet pre-release wines were available for tasting by wine aficionados. Tom Johnson, presented an informal discussion on the history and philosophy of Silver Oak Winery.
