**A Day at the Beach for Mom**

Beach Walk Mother's Day Brunch-

What a small consolation Mothers Day is compared to the unconditional love they give each and every day.

Chef Tim Creehan has worked side by side with his mother for over a decade and has watched his dream come true, "working at Beach Walk with my family has enabled us to spend valuable time together." explained Tim.

Mary Beth Creehan, Tim's mom (affectionately referred to as "mom" by many long time employees) has watched over her son's career carefully, and her unwavering support is evident in Beach Walk's success. Since moving to the Emerald Coast, she has preserved through the tough times a restaurant family often endures. Mary Beth Creehan, originally Mary Beth Vignone, is a classic Italian mom, working long hours, weekends and holidays, always wearing a smile. "Mom's dedication inspires us all to be better people" Tim describes his mom.

In honor of Tim's mom and every other important woman in our lives, we invite you to celebrate at Beach Walk on Mother's Day.

Go ahead, spoil mom with a decadent brunch. She's worth it!
